Motor Speech Article Review Assignment

Choose an article on dysarthria from a peer-reviewed journal. Good sources for articles in this area include the Journal of Speech, Language, and Hearing Research, the Journal of Medical Speech-Language Pathology, the Journal of Phonetics, the Journal of Communication Disorders, Clinical Linguistics and Phonetics, and Folia Phoniatica. Try to select an article that will be helpful to you in assessing or treating a speech disorder.

Complete the template from page 4 in the article "How to Read a Scientific Article" found at the following website:

http://www.owl.net.rice.edu/~cainproj/courses/sci_article.doc

Your review should be typed double-spaced using a word processing program. No cover page is needed (let's save some trees).
