Stuttering Article Review Assignment

Choose an article on stuttering from a peer-reviewed journal. Good sources for articles in this area include the Journal of Speech, Language, and Hearing Research and the Journal of Fluency Disorders. Try to select an article that will be helpful to you in assessing or treating stuttering in children or adults.

Complete the template from page 4 in the article "How to Read a Scientific Article" found at the following website:

http://www.owl.net.rice.edu/~cainproj/courses/sci_article.doc

Turn in the completed review (typed on a word processor, no cover page needed) at the beginning of class.
